COMPUTING YOUR MEMBERSHIP INVESTMENT

Please indicate your Schedule Number (refer to attached Schedule Guidelines on Pages 3 and 4 to determine): _____

If it's Schedule 1, please complete the following:

Number of full-time employees including yourself:	_____
Number of part-time employees:	_____
Number of full-time equivalent (FTE) employees:	_____

If you have part-time employees, you need to determine your number of FTE employees in order to compute your membership. For example, if you have 10 full-time and 12 part-time, the standard rule is 2 part-time equals one full-time equivalent. In this example, 12 part-time would equate to 6 full-time equivalent added to the 10 full-time equals a total of 16 full-time equivalent. In Schedule 1, your membership is to be computed in accordance with your total full-time equivalent employees. The first two are included in the \$230; then multiply \$8.20 times 14 and add it to the \$230.

For Schedules other than Schedule 1, please complete the following:

Schedule 2, number of screens	_____
Schedule 3, amount of square feet	_____
Schedule 4, number of utility customers	_____
Schedule 5, number of paid circulation	_____
